This guide is intended to help market surveillance authorities with the checking of conformity of hand-held electric mains-powered lawn trimmers and lawn edge trimmers in the European Union. It should only be taken as suggestions or observations for consideration.
1. Introduction

Key
1) Rear handle & power switch
2) Front handle
3) Cutting means guard
4) Trimmer line

Hand-held and pedestrian controlled electric mains-powered lawn trimmer and lawn edge trimmer

Note:
1. The standards indicated in this guide are the latest published versions.
2. The inspection of a product should be conducted using ONLY the standards as declared by the manufacturer in the D.o.C. delivered with the product.
1. Introduction

Main EU technical Directives to be applied to hand-held electric mains-powered lawn trimmers and lawn edge trimmers

- Directive 2006/42/EC
  Machinery

- Directive 2011/65/EU
  RoHS
  (as amended)
  Restriction of Hazardous Substances

- Directive 2012/19/EU
  WEEE
  Waste Electrical & Electronic Equipment

- Directive 2000/14/EC
  (as amended)
  Outdoor Noise

- Directive 2014/30/EU
  Electromagnetic Compatibility
1. Introduction

Is this lawn trimmer compliant with EU Directives?

✓ • This guide is intended for quick evaluation of electric hand-held lawn trimmer and lawn edger trimmer marking:
  – CE marking
  – Guaranteed sound power level

✓ • Documentation:
  – EU declaration of conformity (D.o.C.)
  – Instructions

✗ • This guide is not applicable for technical evaluations
✗ • This guide is not applicable to battery powered lawn trimmers and lawn edge trimmers
✗ • This guide is not applicable to combustion engine driven pedestrian controlled grass trimmers and brush-cutters.
✗ • This guide contains extracts of relevant regulations and does not claim completeness of contents
2. Machinery Identification  CE Marking

Machinery Directive 2006/42/EC

**CE marking:**
- The CE Conformity marking shall consist of the initials ‘CE’ as shown left;
- The CE marking shall be affixed to the machinery visibly, legibly and indelibly;
- The CE marking must include the minimum particulars (on the machine e.g. labelled, printed, embossed, etc.);
- The CE marking must be affixed in the immediate vicinity of the name of the manufacturer or his authorised representative, using the same technique.

**Marking of machinery:**
- Business name and address of the manufacturer or his authorised representative;
- Designation of the machinery (may be indicated by a code);
- Designation of series or type (may be indicated by a code and may be combined with the designation of the machinery);
- Serial number, if any;
- Year of construction/assembly;
3. Marking requirements

From EN 50636-2-91:2014

• Rated voltage or rated voltage range in Volts e.g. 230 V or 230-240 V

• Symbol for nature of supply, for example 50 Hz , ～

• Symbol for class II machines

• Rated power input in Watts or rated current in Amperes

From WEEE Directive 2012/19/EU

• Waste Electrical & Electronic Equipment
4. Marking / Outdoor Noise Label

Outdoor Noise Directive 2000/14/EC (as amended)

- The indication of the guaranteed sound power level must consist of:
  - the single number of the guaranteed sound power in dB
  - the sign $L_{WA}$ and
  - a pictogram taking the following form:

![Label Example]

- Noise limits for electric pedestrian controlled lawn trimmers and lawn edge trimmers $L \leq 50 = 96 \text{ dB(A)}$
5. Documentation / Instructions

Machinery Directive 2006/42/EC

For clarification, consult the European Commission Guide to application of the Machinery Directive 2006/42/EC

- Machinery must be accompanied by instructions in the official Community language(s) of the Member State in which it is placed on the market

- The instructions must contain at least the following information:
  - business name and full address of the manufacturer and of his authorised representative (if the manufacturer is not located in an EU Member State);
  - descriptions and explanations necessary for safe use, adjustment and maintenance operations that should be carried out by the user, and preventive maintenance measures that should be taken;
  - a description of the intended use of the machinery (professional use and use by consumers);
  - warnings concerning ways in which the machinery must not be used that experience has shown might occur.
The EU declaration of conformity (D.o.C) must contain at least the following particulars:

- business name and full address of the manufacturer and, where appropriate, his authorised representative;
- name and address of the person authorised to compile the technical file, who must be established in the European Union;
- description and identification of the machinery including generic denomination, function, model, type, serial number and commercial name;
- a sentence expressly declaring that the machinery fulfils all the relevant provisions of this Directive and, where appropriate, a similar sentence declaring conformity with other Directives and/or relevant provisions with which the machinery complies;
- the name and address of the notified body which carried out conformity assessment in accordance with the Outdoor Noise Directive 2000/14/EC;
- the guaranteed and measured sound power level in accordance with the Outdoor Noise Directive 2000/14/EC;
- the place and date of the declaration;
- the identity and signature of the person empowered to draw up the declaration on behalf of the manufacturer or his authorised representative.
7. Warning text or pictograms on the machine*

- Read instructions

![Warning symbol]

alternatives

- Wear ear protection

![Ear protection symbol]

- Wear eye protection

![Eye protection symbol]

- Keep bystanders away

![Bystander symbol]

- Do not expose to rain (if applicable)

![No rain symbol]

- Disconnect the mains plug if the cord becomes damaged or entangled

![Mains plug symbol]

* If pictograms are used, they must be explained in the instructions

* If text is used, it must be in the official language(s) of the country where the product is sold
